

A big THANK YOU

Mr. Mrs.

ALSO PRODUCTIONS, the actors, and all crew members join us to thank you for welcoming us in your lovely community.

As the days went by, some of you have been witness to the progression and coming together of our set, others have participated in the adventure by becoming members of the crew as extras, others have given us access to their installation and property in order for us to fulfill our production and technical needs, and others will proceed with the dismantling of our decor.

A special thank you to the municipal team for their trust and continued support, as well as to the residents and merchants of Lambton Street.

We thank you for your help with the creation of the television series Mégantic. Best regards and once more, Thank You!
